I graduated from Ashland High School in 1998 and got a degree in Art Education from UW-Madison. I also have an Associates Degree in graphic design. I spent six years working in the state legislature in Madison as a senate staffer, three of those years for former State Senator Bob Jauch who represented Ashland in the State Senate. I loved working in government for my home district! More recently I worked for a little over a year at the Ashland Area Development Corporation as an Entrepreneur Resource Coordinator. I love anything that has to do with this region and collaborative community building. I'm currently a stay at home mom; my youngest child just turned 1.

Biography

I grew up in Ashland and recently moved back because I absolutely love it here. I'm a parent of three and stepmom to another three kids 14 years old and under. We have two dogs

and love being outdoors. I love Ashland's history and believe our parks, recreation, and shared spaces are what build community and hold us together. In my free time (what is that, even?) I love painting and gardening and civic engagement!

COMPLIANCE WITH CHAPTER 51: The Council as Committee of the Whole previously discussed and approved for this item to move forward to the Council for further discussion and formal approval.

STATEMENT OF CONFORMANCE WITH COMPREHENSIVE PLAN: NA

SUMMARY STATEMENT:

Items are generally vetted by the Committee of the Whole to allow for full transparency and consideration before moving to the Council agenda for formal approval. The order of business

regarding the Council and Committee of the Whole items for consideration, is outlined within Chapter 51 City Council Procedure, Ashland City Ordinances. [Section 51.26](#) specifically lists items which should be placed directly onto the Council agenda without the recommendation of the Committee of the Whole, and Section 51.26(b) lists the eight circumstances for these exceptions.

51.26(b)(6) currently states City projects previously approved in the annual City Budget.

Due to these expenses, very large purchases of items such as a specialty vehicle or contractor equipment are discussed during the budgeting process. To reduce repetition and extra work for staff, the Clerk is requesting to include such language under this section to include "*large purchases.*"

At their September 16, 2025 Committee of the Whole meeting, Council approved to forward this item to the next Council agenda for further review, discussion, and potential approval.

For the purpose of paying the cost of the Project (including legal, fiscal, engineering and other expenses), there shall be borrowed on the credit of the income and revenue of the System up to the sum of \$1,161,830; and fully registered revenue bonds of the Municipality are authorized to be issued in evidence thereof and sold to the State of Wisconsin Safe Drinking Water Loan Program in accordance with the terms and conditions of the Financial Assistance Agreement, which is incorporated herein by this reference and the Mayor and City Clerk of the Municipality are hereby authorized, by and on behalf of the Municipality, to execute the Financial Assistance Agreement.

The Bonds will not be issued until the Parity Consent is received from USDA.

Section 3. Terms of the Bonds. The Bonds shall be designated "Water System Revenue Bonds, Series 2025" (the "Bonds"); shall be dated their date of issuance; shall be numbered one and upward; shall bear interest at the rate of 1.551% per annum; shall be issued in denominations of \$0.01 or any integral multiple thereof; and shall mature on the dates and in the amounts as set forth in Exhibit B of the Financial Assistance Agreement and in the Bond form attached hereto as Exhibit A as it is from time to time adjusted by the State of Wisconsin based upon the actual draws made by the Municipality. Interest on the Bonds shall be payable commencing on May 1, 2026 and semiannually thereafter on May 1 and November 1 of each year. The Bonds shall not be subject to redemption prior to maturity except as provided in the Financial Assistance Agreement.

The schedule of maturities of the Bonds is found to be such that the amount of annual debt service payments is reasonable in accordance with prudent municipal utility practices.

Section 4. Form, Execution, Registration and Payment of the Bonds. The Bonds shall be issued as registered obligations in substantially the form attached hereto as Exhibit A and incorporated herein by this reference.

The Bonds shall be executed in the name of the Municipality by the manual signatures of the Mayor and City Clerk, and shall be sealed with its official or corporate seal, if any.

The principal of, premium, if any, and interest on the Bonds shall be paid by the Municipal Treasurer, who is hereby appointed as the Municipality's Bond Registrar.

Both the principal of and interest on the Bonds shall be payable in lawful money of the United States of America by the Bond Registrar. Payment of principal of the final maturity on the Bond will be payable upon presentation and surrender of the Bond to the Bond Registrar. Payment of principal on the Bond and each installment of interest shall be made to the registered owner of each Bond who shall appear on the registration books of the Municipality, maintained by the Bond Registrar, on the Record Date and shall be paid by electronic transfer or by check or draft of the Municipality (as directed by the registered owner) and if by check or draft, mailed to such registered owner at his or its address as it appears on such registration books or at such other address may be furnished in writing by such registered owner to the Bond Registrar.

Section 5. Security for the Bonds. The Bonds, together with interest thereon, shall not constitute an indebtedness of the Municipality nor a charge against its general credit or taxing power. The Bonds, together with interest thereon, shall be payable only out of the Debt Service Fund hereinafter continued, and shall be a valid claim of the registered owner or owners thereof only against such Debt Service Fund and the revenues of the System pledged to such fund, on a parity with the pledge granted to the holders of the Prior Bonds. Sufficient revenues are hereby pledged to said Debt Service Fund, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due.

Section 6. Funds and Accounts. In accordance with the Act, for the purpose of the application and proper allocation of the revenues of the System, and to secure the payment of the principal of and interest on the Prior Bonds, the Bonds and Parity Bonds, certain funds of the System which were established by a resolution adopted on June 16, 1998 are hereby continued and shall be used solely for the following respective purposes:

- (a) Water System Revenue Fund, into which shall be deposited as received the Gross Earnings of the System, which money shall then be divided among the Operation and Maintenance Fund, the Debt Service Fund, the Depreciation Fund and the Surplus Fund in the amounts and in the manner set forth in Section 7 hereof and used for the purposes described below.
- (b) Water System Operation and Maintenance Fund, which shall be used for the payment of Current Expenses.
- (c) Water System Revenue Bond and Interest Special Redemption Fund (the "Debt Service Fund"), which shall be used for the payment of the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and Parity Bonds as the same becomes due.

- (d) Water System Depreciation Fund, which shall be used to provide a proper and adequate depreciation account for the System. To the extent that the Depreciation Fund serves as a Bond Reserve Account for the 2016 Bonds, it is not pledged to the payment of principal of or interest on the 2008 Bonds, the 2009 Bonds, the 2017 Bonds, the 2023B Bonds, the 2024 Bonds, the 2024B Bonds or the Bonds and moneys in the Depreciation Fund shall under no circumstances be used to pay principal on or interest on the 2008 Bonds, the 2009 Bonds, the 2017 Bonds, the 2023B Bonds, the 2024 Bonds, the 2024B Bonds or the Bonds.
- (e) Market Reserve Account, which was created by the 2017 Resolution and shall be used to secure the payment of the principal and interest on the 2017 Bonds and the 2023B Bonds. The Market Reserve Account is not pledged to the payment of principal of or interest on the 2008 Bonds, the 2009 Bonds, the 2016 Bonds, the 2024 Bonds, the 2024B Bonds or the Bonds and moneys in the Market Reserve Account shall under no circumstances be used to pay principal of or interest on the 2008 Bonds, the 2009 Bonds, the 2016 Bonds, the 2024 Bonds, the 2024B Bonds or the Bonds.
- (f) Water System Surplus Fund, which shall first be used when necessary to meet requirements of the Operation and Maintenance Fund including the one month reserve, the Debt Service Fund, the Depreciation Fund and the Market Reserve Account. Any money then remaining in the Surplus Fund at the end of any Fiscal Year may be used only as permitted and in the order specified in Section 66.0811(2), Wisconsin Statutes. Money thereafter remaining in the Surplus Fund may be transferred to any of the funds or accounts provided by this section.

Section 7. Application of Revenues. After the delivery of the Bonds, the Gross Earnings of the System shall be deposited as collected in the Revenue Fund and shall be transferred monthly to the funds listed below in the following order of priority and in the manner set forth below:

- (a) to the Operation and Maintenance Fund, in an amount equal to the estimated Current Expenses for such month and, if not needed to remedy a deficiency in the Debt Service Fund, for the following month (after giving effect to available amounts in said Fund from prior deposits);
- (b) to the Debt Service Fund, an amount equal to one-sixth (1/6) of the next installment of interest coming due on the Prior Bonds, the Bonds and any Parity Bonds then outstanding and an amount equal to one-twelfth (1/12) of the installment of principal of the Prior Bonds, the Bonds and any Parity Bonds coming due during such Bond Year (after giving effect to available amounts in said Fund from accrued interest, any premium or any other source);
- (c) to the Depreciation Fund/Bond Reserve Account, the amount determined by the Governing Body to constitute an adequate and reasonable depreciation account for the System and the amount required by the 2016 Resolution;

- (d) to the Market Reserve Account, the amount required by the resolutions authorizing the 2017 Bonds, the 2023B Bonds and any Parity Bonds secured thereby; and
- (e) to the Surplus Fund, any amount remaining in the Revenue Fund after the monthly transfers required above have been completed.

Transfers from the Revenue Fund to the Operation and Maintenance Fund, the Debt Service Fund, the Depreciation Fund/Bond Reserve Account, the Market Reserve Account and the Surplus Fund shall be made monthly not later than the tenth day of each month, and such transfer shall be applicable to monies on deposit in the Revenue Fund as of the last day of the month preceding. Any other transfers and deposits to any fund required or permitted by subsection (a) through (e) of this Section, except transfers or deposits which are required to be made immediately or annually, shall be made on or before the tenth day of the month. Any transfer or deposit required to be made at the end of any Fiscal Year shall be made within sixty (60) days after the close of such Fiscal Year. If the tenth day of any month shall fall on a day other than a business day, such transfer or deposit shall be made on the next succeeding business day.

It is the express intent and determination of the Governing Body that the amounts transferred from the Revenue Fund and deposited in the Debt Service Fund shall be sufficient in any event to pay the interest on the Prior Bonds, the Bonds and any Parity Bonds as the same accrues and the principal thereof as the same matures.

Section 8. Deposits and Investments. The Debt Service Fund shall be kept apart from monies in the other funds and accounts of the Municipality and the same shall be used for no purpose other than the prompt payment of principal of and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due and payable. All monies therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34, Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes. The other funds herein created or continued (except the Water System SDWLP Project Fund) may be combined in a single account in a public depository selected in the manner set forth above and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes.

Section 9. Service to the Municipality. The reasonable cost and value of services rendered to the Municipality by the System by furnishing water services for public purposes shall be charged against the Municipality and shall be paid in monthly installments as the service accrues, out of the current revenues of the Municipality collected or in the process of collection, exclusive of the revenues derived from the System; that is to say, out of the tax levy of the Municipality made by it to raise money to meet its necessary current expenses. The reasonable cost and value of such service to the Municipality in each year shall be equal to an amount which, together with other revenues of the System, will produce in each Fiscal Year Net Revenues equivalent to not less than the annual principal and interest requirements on the Prior Bonds, the Bonds, any Parity Bonds and any other obligations payable from the revenues of the System then outstanding, times the greater of (i) 110% or (ii) the highest debt service coverage

ratio required with respect to any obligations payable from revenues of the System then outstanding. However, such payment out of the tax levy shall be subject to (a) approval of the Public Service Commission, or successors to its function, if applicable, (b) yearly appropriations therefor, and (c) applicable levy limitations, if any; and neither this Resolution nor such payment shall be construed as constituting an obligation of the Municipality to make any such appropriation over and above the reasonable cost and value of the services rendered to the Municipality and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 10. Operation of System; Municipality Covenants. It is covenanted and agreed by the Municipality with the owner or owners of the Bonds, and each of them, that the Municipality will perform all of the obligations of the Municipality as set forth in the Financial Assistance Agreement.

Section 11. Additional Bonds. The Bonds are issued on a parity with the Prior Bonds as to the pledge of revenues of the System. No bonds or obligations payable out of the revenues of the System may be issued in such manner as to enjoy priority over the Bonds. Additional obligations may be issued if the lien and pledge is junior and subordinate to that of the Bonds. Parity Bonds may be issued only under the following circumstances:

(a) Additional Parity Bonds may be issued for the purpose of completing the Project and for the purpose of financing costs of the Project which are ineligible for payment under the State of Wisconsin Safe Drinking Water Loan Program. However, such additional Parity Bonds shall be in an aggregate amount not to exceed 20% of the face amount of the Bonds; or

(b) Additional Parity Bonds may also be issued if all of the following conditions are met:

(1) The Net Revenues of the System for the Fiscal Year immediately preceding the issuance of such additional bonds must have been in an amount at least equal to the maximum annual interest and principal requirements on all bonds outstanding payable from the revenues of the System, and on the bonds then to be issued, times the greater of (i) 1.10 or (ii) the highest debt service coverage ratio to be required with respect to the Additional Parity Bonds to be issued or any other obligations payable from the revenues of the System then outstanding. Should an increase in permanent rates and charges, including those made to the Municipality, be properly ordered and made effective during the Fiscal Year immediately prior to the issuance of such additional bonds or during that part of the Fiscal Year of issuance prior to such issuance, then Net Revenues for purposes of such computation shall include such additional revenues as a registered municipal advisor, an independent certified public accountant, consulting professional engineer or the Wisconsin Public Service Commission may calculate would have accrued during the prior Fiscal Year had the new rates been in effect during that entire immediately prior Fiscal Year.

(2) The payments required to be made into the funds enumerated in Section 6 of this Resolution must have been made in full.

(3) The additional bonds must have principal maturing on May 1 of each year and interest falling due on May 1 and November 1 of each year.

(4) The proceeds of the additional bonds must be used only for the purpose of providing extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 12. Sale of Bonds. The sale of the Bonds to the State of Wisconsin Safe Drinking Water Loan Program for the purchase price of up to \$1,161,830 and at par, is ratified and confirmed; and the officers of the Municipality are authorized and directed to do any and all acts, including executing the Financial Assistance Agreement and the Bonds as hereinabove provided, necessary to conclude delivery of the Bonds to said purchaser, as soon after adoption of this Resolution as is convenient. The purchase price for the Bonds shall be paid upon requisition therefor as provided in the Financial Assistance Agreement, and the officers of the Municipality are authorized to prepare and submit to the State requisitions and disbursement requests in anticipation of the execution of the Financial Assistance Agreement and the issuance of the Bonds.

Section 13. Application of Bond Proceeds. The proceeds of the sale of the Bonds shall be deposited by the Municipality into a special fund designated as "Water System SDWLP Project Fund." The Water System SDWLP Project Fund shall be used solely for the purpose of paying the costs of the Project as more fully described in the preamble hereof and in the Financial Assistance Agreement. Moneys in the Water System SDWLP Project Fund shall be disbursed within three (3) business days of their receipt from the State of Wisconsin and shall not be invested in any interest-bearing account.

Section 14. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the Municipality may, from time to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the Municipality; provided, however, that no amendment shall permit any change in the pledge of revenues derived from the System or the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 15. Defeasance. When all Bonds have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The Municipality

may discharge all Bonds due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Bonds to its maturity or, at the Municipality's option, if said Bond is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Bond at maturity, or at the Municipality's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for.

Section 16. Rebate Fund. Unless the Bonds are exempt from the rebate requirements of the Internal Revenue Code of 1986, as amended (the "Code"), the Municipality shall establish and maintain, so long as the Bonds and any Parity Bonds are outstanding, a separate account to be known as the "Rebate Fund." The sole purpose of the Rebate Fund is to provide for the payment of any rebate liability with respect to the Bonds under the relevant provisions of the Code and the Treasury Regulations promulgated thereunder (the "Regulations"). The Rebate Fund shall be maintained by the Municipality until all required rebate payments with respect to the Bonds have been made in accordance with the relevant provisions of the Code and the Regulations.

The Municipality hereby covenants and agrees that it shall pay to the United States from the Rebate Fund, at the times and in the amounts and manner required by the Code and the Regulations, the portion of the "rebate amount" (as defined in Section 1.148-3(b) of the Regulations) that is due as of each "computation date" (within the meaning of Section 1.148-3(e) of the Regulations). As of the date of this Resolution, the provisions of the Regulations specifying the required amounts of rebate installment payments and the time and manner of such payments are contained in Sections 1.148-3(f) and (g) of the Regulations, respectively. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the Bonds or any Parity Bonds and may only be used for the payment of any rebate liability with respect to the Bonds.

The Municipality may engage the services of accountants, attorneys or other consultants necessary to assist it in determining the rebate payments, if any, owed to the United States with respect to the Bonds. The Municipality shall maintain or cause to be maintained records of determinations of rebate liability with respect to the Bonds for each computation date until six (6) years after the retirement of the last of the Bonds. The Municipality shall make such records available to the State of Wisconsin upon reasonable request therefor.

Section 17. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the Municipality and the owner or owners of the Bonds, and after issuance of any of the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 14, until all of the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the Municipality, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the

Municipality, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 18. Continuing Disclosure. The officers of the Municipality are hereby authorized and directed, if requested by the State of Wisconsin, to provide to the State of Wisconsin Safe Drinking Water Loan Program and to such other persons or entities as directed by the State of Wisconsin such ongoing disclosure regarding the Municipality's financial condition and other matters, at such times and in such manner as the Safe Drinking Water Loan Program may require, in order that securities issued by the Municipality and the State of Wisconsin satisfy rules and regulations promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended and as it may be amended from time to time, imposed on brokers and dealers of municipal securities before the brokers and dealers may buy, sell, or recommend the purchase of such securities.

Section 19. Conflicting Resolutions. All ordinances, resolutions (other than the Prior Resolutions), or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage. In case of any conflict between this Resolution and the Prior Resolutions, the Prior Resolutions shall control as long as any of the respective Prior Bonds are outstanding.

The SDWLP shall pay for the Municipal Obligations in lawful money of the United States, which shall be disbursed as provided in this FAA.

(b) Prior to disbursement, Loan proceeds shall be held by the SDWLP or by the Trustee for the account of the SDWLP. Earnings on undisbursed Loan proceeds shall be for the account of the SDWLP. Loan proceeds shall be disbursed only upon submission by the Municipality of disbursement requests and approval thereof as set forth in Section 3.05 hereof.

(c) The Loan shall bear interest at the rate of one and 551/1000ths percent (1.551%) per annum, and interest shall accrue and be payable only on Loan principal amounts actually disbursed on the Municipal Obligations from the date of disbursement until the date such amounts are repaid or forgiven.

(d) Disbursements of Financial Assistance shall generally be made: first, in the form of a Loan disbursement on the Municipal Obligations, which must be at least 5% of the Municipal Obligation amount or an excess of \$50,000, whichever is less; second in the form of Loan disbursements that include the applicable percentage of Principal Forgiveness up to \$1,420,016; and third, if the Principal Forgiveness cap has been reached, in the form of Loan disbursements on the Municipal Obligations. Principal Forgiveness will be applied at the time of Loan disbursement.

(e) The Department of Administration shall maintain a Loan Disbursement Table on its website <http://eif.doa.wi.gov/start.asp>. DOA shall make entries as each disbursement is made and as each principal amount is repaid; the SDWLP and the Municipality agree that such entries shall be mutually binding.

(f) Upon Final Completion of the Project, DOA may request that the Municipality issue substitute Municipal Obligations in the aggregate principal amount equal to the outstanding principal balance of the Municipal Obligations.

(g) The Municipality shall deliver, or cause to be delivered, a Municipal Obligation Counsel Opinion to the SDWLP concurrently with the delivery of the Municipal Obligations.

Section 3.02. Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements on the Municipal Obligations shall be a revenue obligation evidenced by issuance of revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Water System, and the Municipality shall agree that, if revenues from the Water System are insufficient to meet annual debt service requirements, the Municipality shall purchase water services in amounts sufficient to meet annual debt service requirements as provided in and set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations, and any other debt obligations payable from the revenues of the Water System then outstanding, times the greater of (i) 110 percent or (ii) the highest debt service coverage ratio required with respect to any Parity Obligations, or any other debt obligations payable from the revenues of the Water System then outstanding. As of the date of this FAA, the required debt service coverage ratio is 125 percent; however, this percentage is subject to change as outlined in the prior sentence. The Municipal Obligations are also secured as provided in Section 3.07 hereof.

Section 3.03. Municipal Obligations Amortization Principal and interest payments on the Municipal Obligations shall be due on the dates set forth in Exhibit B of this FAA. The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Municipal Obligations is disbursed and that the full amount of Principal Forgiveness available is applied to the Loan on October 22, 2025. It is understood that the actual amounts of the Municipality's Municipal Obligations payments shall be based on the actual dates and amounts of disbursements on the Municipal Obligations. Notwithstanding the foregoing or anything in the Municipal Obligations, the Municipal Obligations shall be for no longer than thirty (30) years from the date of this FAA and shall mature and be fully amortized not later than thirty (30) years after the original issue date of the Municipal Obligations. Repayment of principal on the Municipal Obligations shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.04. Sale and Redemption of Municipal Obligations

- (a) Municipal Obligations may not be prepaid without the prior written consent of the SDWLP. The SDWLP has sole discretion to withhold such consent.
- (b) The Municipality shall pay all costs and expenses of the SDWLP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the SDWLP and any investment losses incurred or sustained by the SDWLP resulting directly or indirectly from any such prepayment.
- (c) Subject to subsection (a), the Municipality may prepay the Municipal Obligations with any settlements received from any third party relating to the design or construction of the Project.
- (d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.05. Disbursement of Financial Assistance

- (a) Under this FAA, Financial Assistance shall be drawn in the order specified in Section 3.01(d) of this document.
- (b) Each disbursement request shall be delivered to DNR. Each request must contain invoices or other evidence acceptable to DNR and DOA that Project Costs for which disbursement of Financial Assistance is requested have been incurred by the Municipality.
- (c) The SDWLP, through its agents or Trustee, plans to make disbursements of Financial Assistance on a semimonthly basis upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.
- (d) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.
 - (1) If the Financial Assistance is not yet fully disbursed, and SDWLP funds were previously disbursed for costs not eligible for SDWLP funding or not eligible under this FAA, the SDWLP shall make necessary adjustments to future disbursements.
 - (2) If the Financial Assistance is fully disbursed, including disbursements for any costs not eligible for SDWLP funding or not eligible under this FAA, the Municipality agrees to repay to the SDWLP an amount equal to the non-eligible costs within 60 days of notification by DNR or DOA. The SDWLP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance available to which the recovery may be applied).
- (e) The SDWLP or its agent shall disburse Financial Assistance only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.
- (f) Disbursement beyond ninety-five percent (95%) of the Financial Assistance, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:

- (1) DNR is satisfied that the Project has been completed in accordance with the Plans and Specifications, and DNR has approved all change orders relating to the Project;
- (2) the Municipality certifies to DNR its acceptance of the Project from its contractors;
- (3) the Municipality certifies in writing to DNR its compliance with applicable Federal requirements (certification must be as prescribed on Exhibit C);
- (4) the Municipality furnishes reports and provides data and such other information as SDWLP may require prior to Project closeout; and
- (5) DNR certifies in writing to DOA the Municipality's compliance with all applicable requirements of this FAA.

(g) Treas. Regs. 26 CFR § 1.148-6(d)(1)(iii) applies to project expenditures; it states, in part, "An issuer must account for the allocation of proceeds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date the project, if any, that is financed by the issue is placed in service".

Section 3.06. Remedies

(a) If the Municipality:

- (1) or any authorized representative is not complying with federal or state laws, regulations, or requirements relating to the Project, and following due notice by DNR the Project is not brought into compliance within a reasonable period of time; or
- (2) is not complying with or is in violation of any provision set forth in this FAA; or
- (3) is not in compliance with the Statute or the Regulations;

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

- (i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.
- (ii) Project work may be suspended.
- (iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.
- (iv) Other administrative remedies may be pursued.

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the SDWLP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

- (1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the SDWLP under this FAA. DOA may collect all amounts due the SDWLP by deducting those amounts from any State payments due the Municipality or adding a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.

(2) The SDWLP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the SDWLP's benefit of the Project and the Water System and of the earnings, income, rents, issues, and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.

(3) In the case of a joint utility system, the SDWLP may bill the users of the Water system directly.

(4) The SDWLP may declare the principal amount of the Municipal Obligations immediately due and payable.

(5) The SDWLP may enforce any right or obligation under this FAA, including the right to seek specific performance or mandamus, whether such action is at law or in equity.

(6) The SDWLP may increase the interest rate set forth in Section 3.01 hereof to the market interest rate as defined in the Statute and Regulations.

Section 3.07. Security for the Municipal Obligations In accordance with the terms of the Municipal Obligation Resolution:

(a) as security for the Municipal Obligations, the Municipality hereby pledges the revenue to be derived from the Municipality's Water Rates (which is a dedicated source of revenue); and

(b) other than as already pledged to the outstanding Parity Obligations, the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's Water Rates or other revenues pledged under Section 3.07(a) above, to any person other than the SDWLP, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality.

Section 3.08. Effective Date and Term This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date, and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

Section 3.09. Other Amounts Payable The Municipality hereby expressly agrees to pay to the SDWLP:

(a) such Servicing Fee as the SDWLP may impose pursuant to s. 281.61(5)(b), Wis. Stats., which shall be payable in semiannual installments on each interest payment date; such a Servicing Fee shall be imposed upon the Municipality after approval of a future Biennial Finance Plan by the State of Wisconsin Building Commission which contains a Servicing Fee requirement, schedule, and amount; and

(b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.09 shall be deposited in the Equity Fund established pursuant to the Program Resolution.

ARTICLE IV
CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance The Municipality agrees to maintain property and liability insurance for the Water System and Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of this FAA. The Municipality agrees to provide written evidence of insurance coverage to the SDWLP upon request at any time during the term of this FAA.

In the event the Water System or Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Loan or to repair or replace the Water System.

Section 4.02. Construction of the Project

(a) The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application and the Plans and Specifications. The Municipality shall proceed with the acquisition and construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto, subject to such modifications of Plans and Specifications that alter the cost of the Project, use of space, Project scope, or functional layout, as may be previously approved by DNR.

(b) During construction of the Project, if the Municipality replaces a Lead Service Line in the Water System that results in creation of a partial Lead Service Line due to the private portion of the Service Line also containing lead, or containing galvanized iron or galvanized steel, the SDWLP shall not provide funding for the public Lead Service Line replacement until the private side of the Service Line has also been replaced.

(c) If a Lead Service Line, including both the public portion and the private portion of the line, cannot be replaced in its entirety all at one time, the Municipality shall supply water filters to any affected homes to minimize any harmful effects. The Municipality shall attempt to replace a Service Line in its entirety within 45 days of the start of construction on the Lead Service Line. In no case shall the full replacement period exceed 180 days.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under all construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

Section 4.04. Completion of the Project

(a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state, and local laws, ordinances, and regulations applicable thereto. The Municipality shall, with all practical dispatch and in a sound and economical manner, complete or cause to be completed the acquisition and construction of the Project and do all other acts necessary and possible to entitle it to receive User Fees with respect to the Project at the earliest practicable time. The Municipality shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.

(b) The Municipality shall notify DNR of the Substantial Completion of the Project. The Municipality shall cause to be prepared as-built plans for the Project at or prior to completion thereof.

(c) The Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in

accordance with the terms of the contracts including, without limitation, the correcting of defective work.

(d) Upon Final Completion of the Project in accordance with the Plans and Specifications, the Municipality shall:

- (1) certify to DNR its acceptance of the Project from its contractors, subject to claims against contractors and third parties;
 - (2) complete and deliver to DNR the completed Utilization of Disadvantaged Business Enterprises (DBE) form attached hereto as Exhibit E of this FAA;
 - (3) prepare and deliver to DNR the completed Federal Requirements Compliance Certification attached hereto as Exhibit C of this FAA;
 - (4) certify compliance with Section 4.02 of this FAA; and
 - (5) obtain all required permits and authorizations from appropriate authorities, if required, for operation and use of the Project.
- (6) For LSL portion of the Project, documentation will include, for each replacement:
1. property address,
 2. property type (residential, school, daycare, commercial, other),
 3. original Service Line material,
 4. new Service Line material; and
 5. Service Line ownership (public, private, both).

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Financial Assistance amount, the SDWLP may allocate additional financial assistance to the Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Statute and Regulations. The allocation of additional financial assistance shall depend upon availability of funds pursuant to the Statute and the Regulations.

(b) In the event this Financial Assistance is not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Financial Assistance, and shall not be entitled to any reimbursement therefor from the SDWLP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the SDWLP pursuant to an amendment of this FAA or through a separate financial assistance agreement.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the SDWLP, DOA, DNR, nor the Trustee makes any warranty, either express or implied, as to the Project or its condition, or that it shall be suitable for the Municipality's purposes or needs, or that the Financial Assistance shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, the Plans and Specifications, or other documents, or the inspection of Project construction by DNR, does not relieve the Municipality of its responsibility to properly plan, design, build, and effectively operate and maintain the Project as required by laws, regulations, permits, and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, indemnity, or other contractual requirements from any party performing Project work.

ARTICLE V
COVENANTS

Section 5.01. Application of Financial Assistance The Municipality shall apply the proceeds of the Financial Assistance solely to Project Costs.

Section 5.02. Operation and Maintenance

(a) After completion of the Project, the Municipality shall:

(1) at all times operate the Project or otherwise cause the Project to be operated properly and in a sound and economical manner, including proper training of personnel;

(2) maintain, preserve, and keep the Project or cause the Project to be maintained, preserved, and kept in good repair, working order, and condition; and

(3) periodically make, or cause to be made, all necessary and proper repairs, replacements, and renewals so that at all times the operation of the Project may be properly conducted in a manner that is consistent with the Project performance standards contained in the Application and the requirements of the Water Diversion Permit (if any).

(b) So long as the Loan is outstanding, the Municipality shall not, without the approval of DNR, discontinue operation of, sell, or otherwise dispose of the Water System or Project, except for portions of the Water System sold or otherwise disposed of in the course of ordinary repair and replacement of parts.

Section 5.03. Compliance with Law At all times during construction of the Project and operation of the Water System, the Municipality shall comply with all applicable federal, state, and local laws, ordinances, rules, regulations, permits, and approvals, including, without limitation, the Statute, the Regulations, and the Water Diversion Permit (if any), and with this FAA.

Section 5.04. Public Ownership The Municipality shall at all times retain ownership of the Project and the Water System of which it is a part.

Section 5.05. Establishment of Project Accounts; Audits

(a) The Municipality shall maintain Project accounts in accordance with generally accepted accounting principles (GAAP), including standards relating to the reporting of infrastructure assets and directions issued by the SDWLP. Without any request the Municipality shall furnish to DOA as soon as available, and in any event within one hundred eighty (180) days after the close of each fiscal year, a copy of the audit report for such year and accompanying GAAP-based financial statements for such period, as examined and reported by independent certified public accountants of recognized standing selected by the Municipality and reasonably satisfactory to DOA, whose reports shall indicate that the accompanying financial statements have been prepared in conformity with GAAP and include standards relating to the reporting of infrastructure assets.

(b) The Municipality shall maintain a separate account that reflects the receipt and expenditure of all SDWLP funds for the Project. All Financial Assistance shall be credited promptly upon receipt thereof and shall be reimbursement for or expended only for Project Costs. The Municipality shall: permit any authorized representative of DNR or DOA, or agents thereof, the right to review or audit all records relating to the Project or the Financial Assistance; produce, or cause to be produced, all records relating to any work performed under the terms of this FAA for examination at such times as may be designated by any of them; permit extracts and copies of the Project records to be made by any of them; and fulfill information requests by any of them.

Section 5.06. Records The Municipality shall retain all files, books, documents, and records relating to construction of the Project for at least three years following the date of Final Completion of the Project, or for longer periods if necessary due to any appeal, dispute, or litigation. All other files and records relating to the Project shall be retained so long as this FAA remains in effect. As-built plans for the Project shall be retained for the useful life of the Project.

Section 5.07. Project Areas The Municipality shall permit representatives of DNR access to the Project and related records at all reasonable times, include provisions in all contracts permitting such access during construction and operation of the Water System, and allow extracts and copies of Project records to be made by DNR representatives.

Section 5.08. Engineering Inspection The Municipality shall provide competent and adequate inspection of all Project construction under the direction of a professional engineer licensed in the State. The Municipality shall direct such engineer to inspect work necessary for the construction of the Project and to determine whether such work has been performed in accordance with the Plans and Specifications. Any such work not in accordance with the Plans and Specifications shall be remedied unless such noncompliance is waived by DNR.

Section 5.09. Tax Covenants

(a) The Municipality covenants and agrees that it shall not take any action, or omit to take any action, which action or omission would result in the loss of the exclusion of the interest on any Municipal Obligations now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code or any successor provision.

(b) The Municipality shall not take any action, or omit to take any action, which action or omission would cause its Municipal Obligations to be "private activity bonds" within the meaning of Section 141(a) of the Code or any successor provision.

(c) The Municipality shall not directly or indirectly use, or permit the use of, any proceeds of the Bonds (or amounts replaced with such proceeds) or any other funds, or take any action, or omit to take any action, which use or action or omission would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code or any successor provision. The Municipality hereby further covenants to ensure that all amounts actually received by such Municipality from the SDWLP are advanced within three Business Days to the entity submitting the invoice (or to reimburse the Municipality) to which each amount relates, and that all amounts actually received by such Municipality from the SDWLP shall not be invested in any interest-bearing account.

(d) The Municipality shall not use (directly or indirectly) the proceeds of the Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(2) of the Code or any successor provision. Without limiting the foregoing, any proceeds of the Bonds used to repay interim or other prior financing of Project Costs shall be applied within three (3) Business Days of receipt of the proceeds to the payment of principal of such financing.

Section 5.10. User Fee Covenant

(a) The Municipality hereby certifies that it has adopted and shall charge User Fees with respect to the Project in accordance with applicable laws and the Statute and in amounts such that revenues of the Municipality with respect to the Project shall be sufficient, together with other funds available to the Municipality for such purposes, to pay all costs of operating and maintaining the Project in accordance with this FAA and to pay all amounts due under this FAA and the Municipal Obligations.

(b) The Municipality covenants that it shall adopt, and adequately maintain for the design life of the Project, a system of User Fees with respect to the Project. The Municipality covenants that it shall, from time to time, revise and charge User Fees with respect to the Project such that the revenues and funds described in paragraph (a) shall be sufficient to pay the costs described in paragraph (a).

Section 5.11. Notice of Impaired System The Municipality shall promptly notify DNR and DOA in the case of: any material damage to or destruction of the Project or any part thereof; any actual or threatened proceedings for the purpose of taking or otherwise affecting by condemnation, eminent domain, or otherwise, all or a part of the Water System; or any action, suit, or proceeding at law or in equity, or by or before any governmental instrumentality or agency, or any other event which may impair the ability of the Municipality to construct the Project, operate the Water System, or set and collect User Fees as set forth in Section 5.10.

Section 5.12. Hold Harmless The Municipality shall save, keep harmless, and defend DNR and DOA, and all their officers, employees, and agents, against any and all liability, claims, and costs of whatever kind and nature for injury to or death of any person or persons and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the construction, occupancy, use, service, operation, or performance of work in connection with the Project, the Water System, or acts or omissions of the Municipality's employees, agents, or representatives.

Section 5.13. Nondiscrimination Covenant

(a) In connection with the Project, the Municipality agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but is not limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Municipality agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provision of the nondiscrimination clause.

(b) The Municipality shall incorporate the following provision into all Project contracts which have yet to be executed: "In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant because of age, race, religion, color, handicap, sex, physical condition, developmental disability, or national origin. The contractor further agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor further agrees to take affirmative action to ensure equal employment opportunities for persons with disabilities. Section 5.14. Employees The Municipality or its employees or agents are not employees or agents of the DNR or DOA for any purpose including worker's compensation.

Section 5.15. Adequate Funds The Municipality shall have sufficient funds available to repay the Municipal Obligations. The Municipality shall have sufficient funds available when construction of the Project is completed to ensure effective operation and maintenance of the Project for purposes constructed.

Section 5.16. Management The Municipality shall provide and maintain competent and adequate management, supervision, and inspection at the construction site to ensure that the completed work conforms to the Plans and Specifications. The Municipality shall furnish progress reports and such other information as DNR may require.

Section 5.17. Reimbursement Any disbursement of Financial Assistance to the Municipality in excess of the amount determined by final audit to be due the Municipality shall be reimbursed to DOA within 60 days after DNR or DOA provides a notice stating the amount of excess funds disbursed.

Section 5.18. Unpaid User Fees The Municipality shall, to the fullest extent permitted by law, take all actions necessary to certify any unpaid User Fees to the county treasurer in order that such unpaid User Fees shall be added as a special charge to the property tax bill of the user.

Section 5.19. Rebates The Municipality agrees to pay to the SDWLP any refunds, rebates, credits, or other amounts received for Project Costs for which disbursement of funds has already been made by the SDWLP. The SDWLP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding principal balance for the Project).

Section 5.20. Maintenance of Legal Existence

(a) Except as provided in par. (b), the Municipality shall maintain its legal existence and shall not dissolve or otherwise dispose of all or substantially all of its assets and shall not consolidate with or merge into another legal entity.

(b) A Municipality may consolidate with or merge into any other legal entity, dissolve or otherwise dispose of all of its assets or substantially all of its assets, or transfer all or substantially all of its assets to another legal entity (and thereafter be released of all further obligation under this FAA and the Municipal Obligations) if:

(1) the resulting, surviving, or transferee legal entity is a legal entity established and duly existing under the laws of Wisconsin;

(2) such resulting, surviving, or transferee legal entity is eligible to receive financial assistance under the Statute;

(3) such resulting, surviving, or transferee legal entity expressly assumes in writing all of the obligations of the Municipality contained in this FAA and the Municipal Obligations and any other documents the SDWLP deems reasonably necessary to protect its environmental and credit interests; and

All amendments, supplements, and modifications shall be in writing between the SDWLP by DNR and DOA acting under authority of the Statute and the Municipality.

Section 6.05. Execution in Counterparts This FAA may be executed in several counterparts, each of which shall be an original, and all of which shall constitute but one and the same instrument.

Section 6.06. Applicable Law This FAA shall be governed by and construed in accordance with the laws of the State, including the Statute.

Section 6.07. Benefit of Financial Assistance Agreement This FAA is executed, among other reasons, to induce the purchase of the Municipal Obligations. Accordingly, all duties, covenants, obligations, and agreements of the Municipality herein contained are hereby declared to be for the benefit of, and are enforceable by, the SDWLP, the Trustee, or their authorized agents.

Section 6.08. Further Assurances The Municipality shall, at the request of DNR and DOA, authorize, execute, acknowledge, and deliver such further resolutions, conveyances, transfers, assurances, financing statements, and other instruments as may be necessary or desirable for: better assuring, conveying, awarding, assigning, and confirming the rights, security interests, and agreements awarded or intended to be awarded by this FAA and relating to the Municipal Obligations.

Section 6.09. Assignment of Municipal Obligations The Municipality hereby agrees that the Municipal Obligations may be sold, transferred, pledged, or hypothecated to any third party without the consent of the Municipality.

Section 6.10. Covenant by Municipality as to Compliance with Program Resolution The Municipality covenants and agrees that it shall comply with the provisions of the Program Resolution with respect to the Municipality, and that the Trustee and the owners of the Bonds shall have the power and authority provided in the Program Resolution. The Municipality further agrees to aid in the furnishing to DNR, DOA, or the Trustee of opinions that may be required under the Program Resolution.

Section 6.11. Termination This FAA may be terminated in whole or in part pursuant to one or more of the following:

(a) The SDWLP and the Municipality may enter into an agreement to terminate this FAA at any time. The termination agreement shall establish the effective date of termination of this FAA, the basis for settlement of termination costs, and the amount and date of payment of any sums due either party.

(b) If the Municipality wishes to unilaterally terminate all or any part of the Project work for which Financial Assistance has been awarded, the Municipality shall promptly give written notice to DNR. If the SDWLP determines that there is a reasonable basis for the requested termination, the SDWLP may enter into a termination agreement, including provisions for FAA termination costs,

effective with the date of cessation of the Project work by the Municipality. If the SDWLP determines that the Municipality has ceased work on the Project without reasonable basis, the SDWLP may unilaterally terminate Financial Assistance or rescind this FAA.

Section 6.12. Rescission The SDWLP may rescind this FAA prior to the first disbursement of any funds hereunder if it determines that:

- (a) there has been substantial non-performance of the Project work by the recipient without justification under the circumstances;
- (b) there is substantial evidence this FAA was obtained by fraud;
- (c) there is substantial evidence of gross abuse or corrupt practices in the administration of the Project;
- (d) the Municipality has failed to comply with the covenants contained in this FAA; or
- (e) any of the representations of the Municipality contained in this FAA were false in any material respect.

IN WITNESS WHEREOF, the SDWLP and the Municipality have caused this FAA to be executed and delivered, as of the date and year first written above.

PROJECT MANAGER SUMMARY PAGE

CITY OF ASHLAND
SDWLP Project No. 4759-22

1. Project Description: The Project primarily consists of watermain replacements at various locations. SDWLP project numbers 4759-25 and 4759-26 were combined under 4759-22.

- 4759-22 was bid and let by WisDOT to reconstruct the street on STH 13, also known as Ellis Avenue. The Municipality requested that watermain replacements, hydrant, and public lead service line replacements from 11th Street to 6th Street and from 3rd Street to USH 2 be done in conjunction with WisDOT sponsored street reconstruction. The SDWLP will not be paying for sanitary sewer or storm water work included in the construction contract.
- 4759-25 is a street reconstruction project for 2 blocks of Stuntz Avenue between USH 2 and Water Street and one block of St. Claire Street between Stuntz Avenue and 9th Avenue East. The SDWLP will fund watermain and water service replacements, new hydrants, and a portion of the street expenses. Sanitary sewer, storm sewer, and sidewalk costs are ineligible.
- 4759-26 was bid and let by WisDOT for roadway work on Prentice Avenue from 11th Street East to 6th Street East. The SDWLP will fund watermain and water service replacements, new hydrants, and a portion of the street expenses. Sanitary sewer, storm sewer, and sidewalk costs are ineligible.

All LSL replacements must result in complete removal of all lead components between the watermain and the connection point inside the building. Galvanized Service Lines, on the public or the private side, are considered lead for the purpose of determining whether a Lead Service Line has been completely replaced.

If a Lead Service Line, including both the public portion and the private portion of the line, cannot be replaced in its entirety at one time, resulting in a Service Line that is temporarily composed partially of lead, the water utility is required to provide the customer with point-of-use filtration during the time between replacements. Filters must be models that have been tested and certified to NSF/ANSI 53 for the reduction of lead. Filters must also be supplied for six months following full LSL replacements. Funding through this FAA shall not be disbursed for those lines until all lead components have been completely replaced, and such replacement is recommended to be completed within 45 days of the initial replacements of a portion of the Lead Service Line but should be replaced within 90 days, unless the public side of the Lead Service Line was replaced prior to participation in the LSL Replacement Program. Please refer to the LSL Replacement Best Practices document attached as Exhibit H.

2. Ineligible Costs:

Source	Amount	Ineligible Work
WisDOT	\$9,613,746.83	Street reconstruction
U.S. Army Corps of Engineers	\$1,000,000.00	Sanitary sewer, storm sewer, sidewalk, and a portion of the street reconstruction for 4759-25
Internal Municipal Funds	\$1,130,298.08	Engineering associated with ineligible construction. Sidewalk, lighting, and utilities for 4759-22, street reconstruction for 4759-25, and sanitary sewer and storm sewer for 4759-26

3. Other Funding Sources: All other funding for the Project funds ineligible costs and is detailed above. In summary, the following entities will fund the corresponding amount of project costs: WisDOT for

\$9,613,746.83, U.S. Army Corps of Engineers for \$1,000,000.00, and internal municipal funds for \$1,130,298.08.

4. Miscellaneous Costs: As shown in the Project Budget Sheet Summary (Exhibit A), SDWLP funding in the amount of \$2,500.00 is included in the Miscellaneous category for WisDOT Project delivery fees that will be charged to the Municipality.
5. Contingency Allowance: The Contingency allowance of \$41,405.04 is five percent of the amount of uncompleted construction work. The Municipality must obtain CME approval of change orders prior to requesting reimbursement.
6. DBE Good Faith Effort: At the time of bid letting, one DBE firm was hired for work on the Project. Other DBEs are planned to be utilized on roadway work. Only DBEs performing work funded by the SDWLP will be reported at Project closeout. The prime contractors, A-1 Excavating, Inc. and Ritola, Inc.; and the Municipality made good faith efforts by planning to hire an eligible DBE firm on the Unified Certification Program (UCP) list. Mavo Concrete Sawing Services, Inc., a WBE, is expected to perform concrete work on this Project in the amount of \$4,300.00.
7. Green Project Reserve: No GPR elements were identified during the review of this Project.
8. American Iron and Steel: This Project is subject to the use of American Iron and Steel (AIS) requirements mandated under EPA's Drinking Water State Revolving Fund program.
9. Environmental Review: Based on an Environmental Assessment that the Project will result in a Categorical Exclusion. A construction site storm water permit may be required if the contiguous Project area exceeds 1 acre. The Project must take actions to protect peregrine falcons and wood turtles. Refer to the environmental review approval letter sent on June 30, 2025, for more details.
10. Principal Forgiveness: The Municipality is eligible to receive general Principal Forgiveness for this Project in an amount of up to 55% of the total Loan amount, as indicated on the State Fiscal Year 2025 SDWLP Funding List. The SDWLP awards \$1,420,016.00 in general Principal Forgiveness for the Project through this FAA. The SDWLP will process all disbursements at a rate of 55% Principal Forgiveness, up to the maximum of \$1,420,016.00.

participation in the WI Department of Natural Resources' (WI DNR) program for replacement of private LSLs and provides the LSL replacement at no cost to the property owner.

Since 2016, the City's participation in this program has resulted in the replacement of 482 private lead service laterals (LSLs) throughout the City. Staff is currently completing a thorough inventory of private LSLs but the best available estimate is that there are approximately 300 remaining throughout the City.

The City has access to remaining funds in State Fiscal Year 2025 for the replacement of approximately 20 additional LSLs in 2026. The work will not be completed until 2026 but WI DNR administrative provisions require that the contract to use the remaining funds be awarded prior October 1, 2025,

COMPLIANCE WITH CHAPTER 51: The Mayor and/or Clerk has consented to placement of this agenda item on the Council agenda as timely action is needed.

STATEMENT OF CONFORMANCE WITH COMPREHENSIVE PLAN: N/A

SUMMARY STATEMENT:

City staff is seeking approval of a resolution to apply for a grant from the Wisconsin Department of Natural Resources Urban Forest (WI DNR UF) program to continue the EAB Management and Urban Forestry Management Plan. Following the departure of Sara Hudson, Parks and Recreation Director, Madison Krzciok, Civil Engineer in Public Works, has assumed urban

forestry duties for the City.

If awarded, the WI DNR UF funds will be used to continue the City's program of replanting trees removed due to street reconstruction projects or due to poor tree health. Madison estimates planting approximately 60 trees. In addition, staff is also seeking funding to sustain the City's Emerald Ash Borer (EAB) treatment program for existing ash trees. In recent years, WI DNR UF funds have been used to contract for this service and staff is seeking funding to allow the City to inhouse this program by purchasing the necessary equipment and obtaining the required certification for Madison to complete the treatments with assistance from Parks maintenance staff.

The cost of the chemical used for treatment is the most significant cost and funds would also be used to purchase that for 1 year of additional treatments.
